What is Swop-Shop?

Since 1982 the Children's Commission of the European Methodist Youth Council (EMYC) has organised a Swop-Shop every three years. Children's workers from all over Europe meet in a different country each year to share their ideas and experience and go home inspired with a host of new ideas to try out.

Our theme for 2011 is 'He is risen indeed'. This is the good news that leads us in mission with and for the children in our society.

Two good ideas and a dream -

Every participant will be invited to bring two good ideas from their work with children. It could be a craft idea that worked well or ideas for under-fives or ideas how to engage with older children on the edges of our congregations.

Everyone will also bring a 'wish' or a 'dream' they would love to see become a reality in the children's work they do (or that the church does).

During the 'market day' we will swop these ideas with each other.

You will come with two and leave with many.

Where, When and How much?

☺ We will be living and working on Väst-kustgård - a Youth Meeting place of the Methodist church in Sweden near Gothenburg directly beside the west coast beach.

☺ The rooms are mainly four-bedded, though a few single rooms are available at a supplement.

☺ **Children are welcome** and they will have their own programme when not joining in with the adults.

☺ Swop-Shop runs from the evening of 21 April until lunch on 25 April. We can arrange further accommodation if you would like to stay longer.

☺ The cost is: Standard price €150 for adults and € 75 for children from 6 years up; Basic price The few single rooms are € 230.

The closing date for applications is **31 March 2011**. Please register on the booking form below.

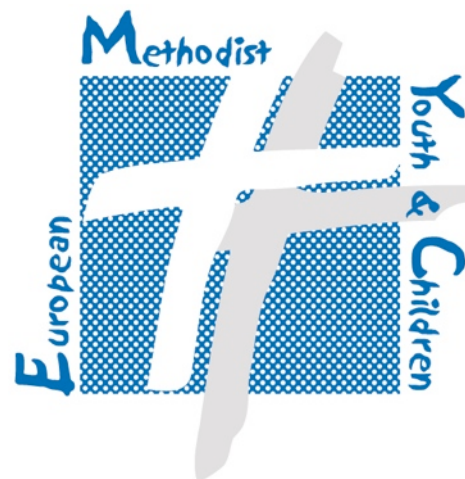

David Gamble, the president of EMYC, talks with Gillian about her experiences of Swop-Shop:

„It was the first time I had really met people from lots of European countries. We inspired each other - different people from different countries. It was fun - we were given permission to act like children again.“

„Would you encourage someone to go to the next Swopshop?“

„Yes. You'll go away inspired, and with lots of fresh ideas.“
